

NOTICE OF MOTION

At the Residents Committee Members Meeting to be held on 23 / 2 / 24  
(Date)

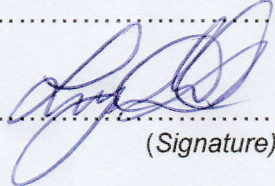

I would like to propose a Motion that:

The wording in 3.8 be changed to read "in a timely manner" not monthly.

As the committee may not have any updates to report, due to no response or updates from ~~an~~ investigations, email etc. As communication can take time.

When information is received to committee will need to read, digest and then report to the community
